## ■ grapegrowing

Potassium accumulation .....46

This article discusses potassium accumulation by grapevines and the inter-relationships between potassium and pH in grape juice and wine.

Building research ties with Italy .....51

Late in 2015 a group of Italian viticulture academics spent time in Australia, strengthening the links between research programs.

The balance between sustainable and profitable management .....54

Smaller margins for larger vineyards mean that compromises need to be made. But sustainable practices are even more critical in large operations.

## ■ winemaking

Winery lees: Minimising volumes and recovering better quality juice and wine ..62

This article provides some preliminary data from recent AWRI research on winery lees.
