

REGULAR FEATURES

- 8 WFA (TONY BATTAGLENE): Tax – the latest developments
- 9 WINE AUSTRALIA (LIZ WATERS): Digital technologies to support the grape and wine community
- 10 ASVO (MARDI LONGBOTTOM): Viticulturist of the Year finalists announced at Mildura seminar

WINEMAKING

- 12 MARK O'CALLAGHAN: What's in the MOX?
- 16 Innovations in the global wine industry – what's new?
- 20 Optimising cool climate wine styles: Impact of dramatic climatic change on traditional viticultural and oenological practices
- 23 Grape seed extract: the first protein-based fining agent endogenous to grapes
- 29 AWRI REPORT: Vintage 2017 – observations from the AWRI helpdesk

BUSINESS & MARKETING

- 57 Vineyard & winery sales: Wine sector recovery takes hold
- 59 MARK ROWLEY: Chardonnay in Australia: history, evolution and revolution
- 61 Driving the strategic growth of Australian wines in the US market
- 63 More effective use of wine labels

VITICULTURE

- 32 TONY HOARE: How to survive rising power costs in the vineyard
- 36 Long-term subsurface irrigation trial shows there is little benefit in going underground
- 39 Reduced irrigation and site/soil effects on Pinot Noir vine pruning weight and soil nutrient status
- 42 Regulation of oxygen and reactive oxygen species during budburst
- 46 Monitoring inoculum dispersal by grapevine trunk disease pathogens using spore traps
- 51 Altitude in the Orange GI dictates heat summation which dictates wine style

- 55 ALTERNATIVE VARIETIES: Roussanne

WINE TASTING

- 69 Nero d'Avola
