

WINE & VITICULTURE JOURNAL

INDUSTRY ASSOCIATION COLUMNS

- 13 WINE AUSTRALIA (Andreas Clark): Recording, measuring and improving sustainable operations across our grape and wine community
- 14 AGW (Tony Battaglene): The 'China gap' - finding a home for 130m litres of red wine
- 15 ASVO (Brooke Howell): Busy schedule of events for latter half of 2021 for ASVO

WINEMAKING

- 16 ERIKA SZYMANSKI: Is the research cold on cold soaking?
- 22 New-ancient maturation vessels - Are they truly permeable to atmospheric O₂?
- 32 RACHEL GORE: Bottling aromatic whites - a step-by-step guide
- 36 AWRI REPORT: Shiraz terroir – linking regional sensory characters to chemical and climate profiles

VITICULTURE

- 40 Nighttime transpiration: does it contribute to water stress in grapevines?
- 43 The potential impact of climate change on the irrigation requirements of vineyards
- 47 Optimising remedial surgery techniques to control grapevine trunk disease
- 52 Evaluating a new approach to assist with the establishment of young grapevines
- 58 Trellising systems: effects on grape and wine composition
- 66 ALTERNATIVE VARIETIES: Trincadeira

BUSINESS & MARKETING

- 68 Supply and demand in light of Chinese tariffs: a balancing act
- 70 How does family firm image affect consumer behaviour?
- 72 There is more to sales strategy than just distribution

TASTING

- 74 Varietal report
- 78 Tasting: Barbera
