

# WINE & VITICULTURE JOURNAL

## INDUSTRY ASSOCIATION COLUMNS

- 8 AGW (Tony Battaglene): Planning for the unexpected has never been as unbelievably challenging as the last two years
- 9 WINE AUSTRALIA (Liz Waters): Harvesting the benefits of agtech
- 10 ASVO (Brooke Howell): ASVO 2021 oenology seminar — navigating new winemaking trends and finding solutions to existing problems

## WINEMAKING

- 14 ERIKA SZYMANSKI: Oak products and micro-oxygenation: a surprising lack of surprises
- 18 Use of alternative vessels to oak barrels during fermentation of Sauvignon Blanc: a comparison of stainless-steel, concrete and polyethylene tanks and clay jars
- 24 Fresher wines, fewer sulfites: a new yeast for today's challenges
- 30 AWRI REPORT: Vintage 2021 – observations from the AWRI helpdesk

## VITICULTURE

- 32 Frequency and distribution of fungicide resistance in *Botrytis cinerea* collected from Australian vineyards
- 40 Dogs sniffing phylloxera – an industry perspective
- 46 A machine learning-based system for early and accurate vineyard yield forecasting
- 52 Can carbon sequestration in vineyard soils provide an internationally valid offset for greenhouse gas emissions?
- 60 Vine times for breeding
- 64 ALTERNATIVE VARIETIES: Aligoté

## BUSINESS & MARKETING

- 66 Making the most of a cellar door in a COVID-19 world
- 70 Show me the money! Better understanding winery costs and efficiencies
- 73 Bumper harvest in 2021: what does it mean for growers?
- 75 Accelerated wine cooling before opening a wine bottle: is it good practice or better to avoid?

## VARIETAL REPORT

- 79 Durif/Petite Sirah - an Aus vs US comparison
